

CERTIFIED LASER TECHNICIAN PROGRAM LASER66

If you are considering a career in Laser Therapy, ask yourself the following questions:

1. Do I enjoy working with the public?
2. Am I interested in helping people overcome addiction or decrease/eliminate pain?
3. Am I committed to intense study/training in the following areas:
 - Biology/anatomy
 - Physics and operation of the laser
 - A broad knowledge of medical conditions treatable and non-treatable
 - Addiction behaviours and treatment protocols
 - Pain management/treatment
 - Acupuncture theory and treatment protocols
 - Business management, operations and marketing
 - Public health & safety

If you can answer “yes” to all of the above questions, then you may be suited to a career as a Certified Laser Technician.

Laser66 offers training and certification packages that can be designed to fit your needs and vision:
